# MAGI' I OF CYADOR

The New Novel in the Saga of Recluce

BY L.E. MODESITT, JR.

**“Marked by high intelligence. A powerful, educated, serious and understated imagination is plainly at work in this latest entry to a saga that is beginning to take on the complexity of Robert Jordan’s Wheel of Time cycle.”**

*—Publishers Weekly on Colors of Chaos*

Bestselling author L.E. Modesitt, Jr. returns to the world of Recluce in **MAGI' I OF CYADOR** (A Tor Hardcover; April 8, 2000; \$27.95). This, the tenth installment in the popular saga, tells the story of Lorn, a talented boy born into a family of Magi'i.

Lorn is bright and shows remarkable talent. However, he is lacking the one attribute required to become a Magus of Cyador—unquestionable loyalty. Too independent for his own good, Lorn is made into a lancer officer and sent to the frontier to risk his life fighting against the barbarian raids. His enemies don't expect him to survive but is there to more to Lorn than first thought?

Although firmly rooted in the world of Recluce, **MAGI'I OF CYADOR** can also stand alone. New characters allow this adventure to be the perfect introduction for both readers new to the series as well as those who are already devoted fans of L.E. Modesitt, Jr.

About the Author:

**L.E. Modesitt, Jr.** is the bestselling author of over twenty-five novels encompassing two science fiction series and two fantasy series, as well as several other novels in the science fiction genre. With the publication of **MAGI'I of CYADOR**, his popular *Saga of Recluce* contains ten titles, and is one of the fastest growing series in fantasy.

Modesitt has been a delivery boy; a lifeguard; an unpaid radio disc jockey; a U.S. Navy pilot; a market research analyst; a real estate agent; a director of research for a political campaign; legislative assistant and staff director for a U.S. Congressman; Director of Legislation and Congressional Relations for the U.S. Environmental Protection Agency; a consultant on environmental, regulatory, and communications issues; and a college lecturer and writer in residence. In addition to his novels, Mr. Modesitt has published technical studies and articles (generally with boring titles), columns, poetry, and a number of science fiction stories. His first story was published in 1973. He lives in Cedar City, Utah.
